- (b) setting out University brand marks according to the [Brand Guidelines](#);
- (c) using brand marks only when and where allowed;

- (e) complying with the terms and conditions governing use of brand marks; and
- (f) following the key brand messages.

5.2. All staff and students must:

- (a) obtain the approval of External Relations before using any brand mark in association with the University, a division or entity where the intended use of the brand mark is not in accordance with the [Brand Guidelines](#); and
- (b) use only the approved logo to identify activities and functions (including academic divisions, schools, offices, units, research centres, educational institutes, businesses, facilities and controlled entities of the University).

5.3. University entities and affiliated student bodies must obtain the approval of the Brand Governance Panel before using any brand marks.

5.4. Deans and division heads are responsible for ensuring their staff adhere to the [Brand Guidelines](#).

5.5. Staff wishing to use any University brand mark in a manner that does not conform to, or for a purpose not approved in, the [Brand Guidelines](#) must submit an application through External Relations to the Brand Governance Panel.

5.6. External Relations may approve standard terms and conditions of use for a University logo or other brand mark.

5.7. A third party organisation may use a University brand mark, as supplied by External Relations, on the approval of External Relations and on condition that it complies with the approved terms and conditions of usage as outlined in University standard agreements.

5.8. External Relations maintains a register on behalf of the Brand Governance Panel containing all applications for use of University brand marks and relevant approvals.

5.9. The University may take legal action for unauthorised use of the University logo or other brand marks.

Criteria for use of University logo

5.10. Use of the University logo is subject to criteria including:

- (a) a proposed use congruent with the University's image and standing;
- (b) the nature of the existing or proposed relationship between the University and a third party;

- (c) visual display and design standards of the proposed use of a suitable standard;
- (d) any implied relationship or implied endorsement resulting from use of the logo;
- (e) a proposed use consistent with the University's teaching, research and community development objectives;
- (f) the proposed use endorsed by a relevant dean or head of department;
- (g) the reputational risk to the University of approving or not approving the proposed use; and
- (h) advice from President of the Academic Board in the case of the University logo being used in association with an academic award or qualification.

Communications and promotions

5.11. The Brand Governance Panel may, for and on behalf of the University, approve:

- (a) how the University brand is to be applied in communications and promotions including advertising, marketing, public relations, signage, websites and electronic media, merchandise and other communication mediums;
- (b) advertising and promotional campaigns using the brand, where appropriate and relevant;
- (c) development and use of approved devices, consistent with the brand, from time to time for particular campaigns or activities;
- (d) use of a permanent device to define a program, event or service where it is necessary to distinguish it from general University activities to the extent that the device is consistent with the brand; and
- (e) use of an emblem by affiliated student groups, sporting clubs or student associations to be used alongside the University logo.

5.12. External Relations incorporates approved devices and emblems into the [Brand Guidelines](#) on behalf of the Brand Governance Panel.

Co-branding and corporate logos

5.13. The Executive Director, Marketing and Communication or Brand Governance Panel may approve, subject to the logo being displayed in accordance with the requirements set out in the [Brand Guidelines](#), co-branding linking the University logo with one or more third party logos for a common function or activity, such as:

- (a) acknowledgements, sponsorships and promotions (eg in advertising where the University is one of a number of sponsors or supporters of an activity);
- (b) memberships (eg where the University is a member of a professional association); and
- (c) approved collaborations or joint ventures between the University and another entity.

5.14. The Brand Governance Panel may approve a distinct corporate logo only in very limited circumstances:

(a) formal legal joint venture – where the University has entered into a legal joint venture agreement establishing a distinct or separate legal entity, for which, by agreement of the parties, the agreement expressly approves creating a distinct corporate logo; and

(b) controlled entity of the University – where the Brand Governance Panel is satisfied that the functions or activities of the entity are entirely separate from those of the University (ie it does not provide educational or research services, or does not provide services to the University) or where the use of a distinct brand would improve the capacity of the entity to market its goods or services in a competitive market.

5.15. Where the University proposes to enter into a joint venture agreement requiring the creation of a distinct corporate logo, the need for a distinct logo must be discussed with the Executive Director, Marketing and Communication.
